

CIBC Caribbean Bank (Bahamas) Limited Condensed Consolidated Financial Statements

For the three months ended January 31, 2026

CHIEF EXECUTIVE OFFICER'S REVIEW OF THE RESULTS

Our Bank delivered a solid financial performance in the first quarter of 2026 reflecting continued execution of our client-focused strategy. Our strategy is centered on deepening client relationships, advancing our digital banking capabilities and strengthening operational resilience, while maintaining financial strength and risk discipline in a dynamic operating environment.

For the three months ended January 31, 2026, the Bank reported net income of \$25.5 million, down \$4.1 million or 14% from the prior year's quarter. Our financial performance this quarter was largely impacted by higher provision for credit losses, reflecting an increase in impaired loans and the impact of model assumption updates. Overall, our credit quality remains strong and is well within our established risk appetite.

Revenue for the first quarter remained stable compared to the same period in the prior year, reflecting consistent operating and net interest income performance. Operating expenses were higher due to increased spend on strategic investments, activity-based costs and other costs associated with protecting the Bank.

At the end of the first quarter, the Bank's Tier 1 and Total Capital ratios stood at 27.5%, exceeding regulatory requirements. The Board of Directors approved a quarterly dividend of nine cents (\$0.09) per share, and a special dividend of twenty-five cents (\$0.25) per share subject to regulatory approval.

The Bank remains committed to fostering strong community partnerships and investing in local and sustainable development initiatives to drive social impact, foster resilience, and promote longterm prosperity.

I wish to thank our clients, employees, shareholders and directors for their continued loyalty, confidence and support.

Mark St. Hill
Chief Executive Officer

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS January 31, 2026

1. Basis of preparation and summary of material accounting policies
The accompanying unaudited condensed consolidated financial statements of CIBC Caribbean Bank (Bahamas) Limited (the Bank) should be read in conjunction with the IFRS Accounting Standards (IFRS) consolidated financial statements and notes thereto for the year ended October 31, 2025, included in the Bank's Annual Report 2025. For a description of the Bank's material accounting policies, see Note 2 of the aforementioned consolidated financial statements.

Basis of presentation
Certain financial information, which is normally included in annual financial statements prepared in accordance with the IFRS, but not required for interim reporting purposes, has been condensed or omitted. Reclassifications may be made to the prior period's financial statements to conform to the current period's presentation. These unaudited condensed consolidated financial statements reflect, in the opinion of management, all adjustments that are necessary for a fair presentation of the unaudited condensed consolidated financial statements for the interim periods presented.

The results of operations for interim periods are not necessarily indicative of results for the entire year.

In preparing these unaudited condensed consolidated financial statements, management is required to make estimates and assumptions which affect amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

The consolidated financial statements include the accounts of the following wholly owned subsidiaries:

- Sentry Insurance Brokers Ltd.
- CIBC Caribbean (Bahamas) Nominees Company Limited
- CIBC Caribbean Land Holdings (TCI) Limited

Income taxes

In November 2024, The Bahamas has enacted the Qualified Domestic Minimum Top-up Tax ("QDMTT") in accordance with the OECD's Pillar Two initiative; which became applicable for the Bank during fiscal 2025. This regime required the Bank to have an effective tax rate (as calculated under the relevant legislation) of at least 15% of net income. Where the Bank's effective tax rate was less than 15%, an additional Top-up Tax was levied to bring the effective tax rate to 15%.

Additionally, the IASB previously issued "International Tax Reform - Pillar Two Model Rules", which amended IAS 12 to provide a temporary exception from the recognition and disclosure of deferred taxes arising from the implementation of Pillar Two Model Rules, which the Company has applied.

Dividends

The unaudited condensed consolidated financial statements as of January 31, 2026 reflect all dividends for which regulatory approval was received during the fiscal period. The Board of Directors has approved a quarterly dividend of nine cents (\$0.09) per share, and a special dividend of twenty-five cents (\$0.25) per share subject to regulatory approval.

Notes:
The Bank's operations are organized into four segments: Personal and Business Banking ("PBB"), Corporate Banking ("CB") and Wealth Management ("WM"), which are supported by the functional units within the Administration ("Admin") segment (which includes Treasury, Finance, Technology, Innovation & Infrastructure, Risk and Other). PBB, CB and WM are charged or credited by Treasury with a market-based cost of funds on assets, liabilities and capital, respectively. The offset of these charges or credits are reported in the Treasury function within the Admin segment.

Management monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties. We review our transfer pricing methodologies on an ongoing basis to ensure they reflect changing market environments and industry practices. Transactions between the business segments are on normal commercial terms and conditions.

Segment assets and liabilities comprise operating assets and liabilities, being the majority of the statement of financial position, but exclude intangible assets. Securities and cash placements are normally held within the Treasury unit within the Admin segment.
